

Agreed to be a Fetch Robotics System Integrator.

Tokyo --Aug. 7, 2017 - RFLocus today announced agreement to be Fetch Robotics System Integrator (FRSI) between Innovation Matrix, Inc., a California corporation who is the sole Distributor of Fetch Robotics' products in Japan, Taiwan, Australia and Singapore. Innovation Matrix, Inc. appoints RFLocus Inc. as a member of FRSI and RFLocus accepts it as a value-added system integrator. By this agreement, RFLocus can sell its patented RAIN RFID locating system (P3 Mapper) together with Freight Robot™. A photo under development is shown below.

About RFLocus Inc.

RFLocus Inc. provides precise locating RAIN RFID tags solutions to track items in environments like warehouse, logistics, library, and healthcare. Find more information at <http://rfocus.com> and contact info@rfocus.com.
